1 of 1 people found the following review helpful. Good reference book.By Kerry E. WoodhamThis is a very good reference book for identifying Homer Laughlin pieces. It has a history of the company and many pictures. The pricing guide is out dated as prices have declined in this market but for collectors it is a nice intresting book.

For over 140 years, the Homer Laughlin Company, of East Liverpool, Ohio, made popular ceramic plate shapes, each with different decorative treatments that are identified by numbers and date codes. This book shows, in 805 color photographs, 43 dinnerware shapes as well as kitchenware, specialty items, and backmarks. With this information, you can learn to identify each shape and treatment. Today, this dinnerware is valuable in antiques markets.

About the AuthorMark Gonzalez has been avidly collecting and tirelessly researching Taylor, Smith and Taylor dinnerware shapes for many years.
