Keiko Kimura Shibano : Barbie in Japan before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barbie in Japan:

0 of 0 people found the following review helpful. Five Stars By G's Books Excellent! Fast shipping 0 of 0 people found the following review helpful. Five Stars By Megadoll Love this book! Very informative about this market. 1 of 1 people found the following review helpful. Not enough detail, mostly kimonos By A Psychic Touch This book did not meet my expectations at all. Showed outfits most collectors already know about and didn't give enough attention to accessories.

This book is a great resource for the vintage Barbie collector who wants to learn about the history of Barbie in Japan and expand his or her collection beyond the vintage dolls and fashions produced in the US. It gives a detailed background of the history of Barbie in Japan along with wonderful descriptions and photos of the Barbie dolls and fashions that were produced exclusively for the Japanese market by Mattel in the mid to late sixties. 8" X 11", 144pgs.
